In lieu of the above lists, the following rule might be adopted: Omit all silent letters which do not affect the pronunciation according to our most usual analogies.

Nearly all the words as abov speld can be adopted without disfiguring the present orthografy more than appears in this paragraph; hence the pleasure of ordinary readers wad not be interrupted by it. Considering the amount of time so painfully spent during the precious years of our youth in learning to spel, and also the daly vexations we all hav during life with the present orthografy, can our benevolent nature wait for an establishment of this reform by nuespapers not "respectabl" before we adopt it? And as to the popl in the United States rite silent letrs in numerabl evry do of their lives, besides being vext and waisting time evry now and then in their endevr to spel correctly, in order that a fur hundred scolars mare member the history of our words, which, indeed, tha can as well remember without the masses having so much trubl? Cannot those filologists, too, hav additional pleasure by remembring our present system as a past wun? Cum, let us adopt not those filologists, too, hay additional pleasure by remembring our present system as a past wun? Cum, let us adopt this reform before we spend as much effort discussing the mattr, as we wud save by the change.

Commenting editorially upon the results, the Journal says:

The strength of Sherman among the Republicans of Indiana is a great surprise to many, and especially following, as the interview does, so soon after his report recommending the abolition of the legal tender quality of the greenbacks as to all contracts made subsequent to the passage of the act. It is also a noteworthy fact that a large number of those who are opposed to Sherman's nomination base their opposition mainly on his want of availability, and the class that prefer him as the nominee are largely business men, and not the most active in polities.

It is a matter of still greater surprise to advocates of Grant's nomination that the opposition to him is so great, and mainly based on a conscientious opposition to a third term.

Dr. Swujme & Son:

GENTLEMEN—I have suffered for twentyfive years from Itching Piles, and consulted many physicians and used many ressedies, but found no permanent relief until
I used your "All Healing Ointment," and
can say I am cured, as also a neighbor of
mine used it with the same happy result,
and says he has got half a box left, and
for fear it might trouble him again, he
would not take ten dollars for it, it be
could not get more. I deem it my duty to
give this testimonial not so much for your
benefit as for suffering humanity. Yours
respectfully.

GEO. SIMPSON, NO. 80 Asylum St.

The symptoms are moisture, like perspiration, intense itching, increased by
scratching, very distressing, particularly

SANFORD'S CATARRH &

This may certify that I have been a subject of that terrible disease, Catarrh of the Head and Throat, for some 52 years, caused by taking cold in the month of June, 1825. The attack at that time was so severe that the doctor and my friends thought I must due. For years and years I have been so sick that life has been a burden to myself and friends. It is useless for me to say how many doctors I have tried, how much medicine I have tried, how much medicine I have the thought of the suffering but those who suffer as I have suffered will know that I never ceased to look for relief, and to try every remedy that promised it.

lief, and to try every remedy that promised it.

In September, 1876, I began the use of Sayrond's Radical Curr for Catarri. No sooner did I begin to use it than my symptomschanged. It cleared my throat, it cleared my head, it cleared my mind. It operated on my system in a way that nothing ever before given me by doctors had done. How raddily I improved under the influence of this wonderful medicine those who have known me for years can testify. And now, sirs, to make a long story short, I will say! would not exchange the good it has done me for the whole world and all it contains. My memory, which was nearly all gone, has returned again, and I could tell of afflictions I have endured, too great for some people to credit. I can with a clear conscience and the strongest faith attest to this on the Holy Bible. God bless the man that found out this remedy.
